2. All State and Local Rules apply to qualify for the auction.
3. Animals to be sold must be shown and sold by the member as an entry in the 10th District Agricultural Association/Siskiyou Golden Fair and meet the weight requirements prescribed in the market animal lots listed in the Exhibitor Handbook. Animals must be sold in the auction by the junior exhibitor/owner. If an exhibitor is unable to sell their animal, they must receive approval for a substitute seller from the JLAC Board of Directors or by the Auction Executive Committee.
4. The Junior Livestock Auction Executive Committee will consist of three auction committee directors, the auction committee president and the fair livestock superintendent. Members' names will be posted on the official weigh-in day of the fair. They will have the power to make decisions and adjustments on problems that may arise in connection with the auction.
5. The sale will be limited to market animals only. No breeding and feeder animals will be included except for bred dairy heifers and beef replacement heifers. All bred dairy heifers and beef replacement heifers must place in Group 1. Rabbits and poultry must place in Group 1 or 2. All beef and sheep must place market ready. All swine must place market acceptable. Bred dairy heifers must be within 60 days of calving to sell. Animals not fit for slaughter will not be sold at the auction as determined by the Junior Livestock Auction Executive Committee.

8. No beef over two and one-half years of age; no dairy heifers over 30 months; no yearling sheep, goats or hogs may be sold through the Junior Livestock Auction.
9. All 4-H clubs, FFA chapters and Independent Exhibitors who qualify to sell at the 10th District Junior Livestock Auction must participate in the auction program in one of a variety of duties identified on the designated sign-up sheet. To sell in the auction each and every exhibitor or their parent/leader must contact an auction representative in the Livestock Office on Thursday of fair week between 3 PM – 5 PM for every market animal to be sold in the auction. Individuals with market beef and dairy heifers have 30 minutes after the market beef lot on Friday to make contact. Failure to comply with the time schedule will result in a \$20 fine (deducted from auction check) and the Executive Committee of the Junior Livestock Auction Committee may resolve conflicts with the higher placing entry having priority and then the heaviest weight within the same group placing. When two or more species are eligible the larger will sell. A draft auction sales list shall be posted on the Livestock Office late Saturday evening, if available.
11. The sales list for the auction will be made as follows: The judge will determine the Grand Champion and Reserve Champion Market animals from among the eligible animals in each of the beef, goats, turkeys, sheep, swine, rabbits, poultry, bred dairy heifer and beef replacement heifer classes.
