

STATE FAIR PARK SELECTS SPECTRA TO PROVIDE FOOD SERVICES TO THE SUNDOME AND STATE FAIR PARK

The board of directors of the Central Washington State Fair has selected Spectra by Comcast Spectacor to provide Food & Hospitality Services for the SunDome, State Fair Park and the Central Washington State Fair.

Spectra will provide dining experiences for events at the SunDome and catering for other events at State Fair Park, as well as off the grounds.

“We’re very happy to have formed a new catering partnership with Spectra,” said Central Washington State Fair president and general manager Greg Stewart. “Spectra has extensive dealings in the culinary space and has worked with many arenas, convention centers and fairs around the country. We will rely heavily on them to help us create new and exciting opportunities for our customers.”

“Our goal is to enhance the culinary options at Central Washington State Fair and the Sundome by creating new partnerships within the community and with local suppliers that celebrate the culture and cuisine here in Yakima,” said Spectra’s Tony Hendryx, Regional Vice President.

At State Fair Park, Spectra will be enhancing all food and beverage locations, by improving kitchen equipment, creating fresh menus for both catering and concession areas, and implementing custom concepts. Spectra is committed to using locally sourced ingredients and a rotating seasonal menu, to create exciting proprietary and custom concepts that will bring the flavors of Central Washington to State Fair Park.

“In addition to working with local suppliers we are excited to see that Spectra is going to partner with local wineries and breweries to add their products to our menu,” Stewart said.

Spectra's Food Services & Hospitality division delivers the industry’s most innovative and profitable solutions at sports arenas, stadiums, casinos, convention centers, cultural attractions, fairgrounds, and other specialty venues. Spectra Food Services & Hospitality serves over 250,000 events and 40 million guests each year
