- Cloverbuds - ages 5-7
- Junior - ages 8-10
- Intermediate - ages 11-13
- Senior - ages 14-18

4-H age is the age of the individual on January 1 within the 4-H year, which runs October 1 - September 30. Youth must be 8 years of age to participate in the competitive 4-H Program. An individual may continue to participate in 4-H as long as they are in high school at the beginning of the 4-H year. Out-of-state or out-of-county 4-H members who will be residents of the county during the summer months will be allowed to participate in the Twin Falls County 4-H Program and the Twin Falls County Fair if project requirements are met, or if they are transferring the same enrolled project from that state or county.

All 4-H club members of Twin Falls County who have fully completed their project requirements, are exhibiting their projects, and participate in 4-H activities at the Fair are eligible to receive premiums from the Twin Falls County Fair Board. A complete project includes the 2019 completed Record Book with all project requirements, demonstration, project story, and project exhibit. All projects must be neat and in proper order.

Twin Falls County 4-H exhibitor class determination is based on: 1) the age of the member as of January 1, 2019, Junior ages 8-10, Intermediate ages 11-13, and Senior ages 14-18; or 2) the unit of the project in which the member is enrolled; or 3) your project section.

**CLOVERBUDS**

Please remember that the Cloverbud Program is a program and not a project. This was designed for 5-7-year olds to explore the whole 4-H Program. Cloverbuds attend club meetings and functions. Children enrolled in the Cloverbud Program cannot take an animal to the Twin Falls County Fair except in the open classes. They are not required to complete or exhibit their book. A club display of Cloverbud books at the Fair is acceptable, and although the books are not judged, ribbons are given for participation.
TWIN FALLS SEWING CENTER, INC. is excited to donate a **Baby Lock** Sewing Machine to the 4-H program again this year. This machine will be won by a lucky 4-H member and we hope it brings them many years of sewing enjoyment. At Twin Falls Sewing Center, we always offer a free class with any new machine from our store so the user will be comfortable using the machine on their sewing projects. We also offer service, many types of classes, and lots of support. We appreciate all the people who work with the 4-H groups and the many projects these young people do. What an asset to this area and the State of Idaho. Again, congratulations to the winner! We look forward to seeing you in our store.

#### Class 16 – Club Herd

This will consist of four animals of one breed. Four exhibitors must be represented. The animals may be any age. All animals of the club herd must be exhibited in the individual classes. A club may not enter more than one club herd in each breed. *Rosettes will only be awarded for this class.*
All entries are subject to the rules and regulations of the Magic Valley Dairy Heifer Replacement Program Committee. The purpose of the Magic Valley Dairy Heifer Replacement Show and Sale is to increase the knowledge and interest in the dairy industry with the youth of the Magic Valley. The Show and Sale provides an educational opportunity for our youth and a means of marketing of their projects. The intent is to create a better understanding and appreciation of the dairy industry. The ultimate goal of the project will be for a participant to start with a September-October calf and have completed project when the animal is sold as a 23-24-month-old springer.

**Records**
Production records are an integral part of a successful dairy operation. As much information as possible should be provided by the 4-H and FFA member on the animal they exhibit. At a minimum, the sire and dam of the animal, as well as production information of the dam, should be provided for calves. Springers should include information on the sire to which the animal has been bred. Animals that are bred should have been bred artificially, preferably to the same breed.

**Herdsmanship Award**
Each county having animals on exhibit in the dairy barn for the Magic Valley Dairy Heifer Replacement Program is automatically entered in the Herdsmanship Competition, counties will receive points per county, per day, based on the score system that follows.

The purpose of this award is to encourage better care and display of animals in the barn. Judges will examine displays at least once each day. All program participants are expected to perform duties of herdsmanship.

Program participants’ parents and leaders/advisors may direct, but not participate, in the care and cleaning of animals, pens, or stalls.

**Method of Scoring for 4-H Competitions**

1. **Obedience**

   Dogs in 4-H Obedience competition will be scored on a modified American Kennel Club system, structured after that used in AKC Sanctioned matches and point shows.

   a. Required equipment: buckle, slip, or martingale collar for all classes; 6’ leash for Beginner class. Any other equipment must be approved by Twin Falls County 4-H Dog Superintendent. A 4-H member who uses equipment not approved by the Twin Falls County 4-H Dog Superintendent will receive a participation ribbon only.

   b. Any error by handler or dog in an AKC match or show that would cause a dog to fail an exercise will bring a mandatory “less than 50% score” (i.e., at least 1 point less than half of the possible points for that exercise), but may be awarded some points for that exercise in 4-H Match or fair competition (ex. dog sits or stands on “down-stay”, lies down or stands on “sit-stay”, fails to come on first command, or recall, etc.).

   c. Errors of less serious consequence by AKC standards will be recognized but may be assessed only minor penalties according to the judge’s discretion.

2. **Fitting and Showing**

   a. It is suggested that the AKC recommended sample score sheet be used, with or without modifications.

   b. Provide guidelines for judges and encourage them to consider all of the following factors in
making their selections:
   i. Appearance and grooming of handler.
   ii. Poise and skill in presenting dog.
   iii. Knowledge of breed and how to pose and gait it.
   iv. Grooming and appearance of dog.
   v. Structural faults of the dog not to be penalized.
   vi. Purebreds should not be placed above mixed solely because they are purebred.

Obedience Advancement

1. Assuming that dogs have been scored in line with the foregoing criteria, any member whose dog scores 170 or more, with more than 50% in every exercise in an AKC or 4-H match or fair, should advance to the next level of competition the next year.

2. If a member or the member’s parents/guardians feel this provision is unreasonable for any specific reason, they may ask for reconsideration by the leader who will take it to the Twin Falls County 4-H Small Animal Committee for consideration.

A member may go on to the next level without having made a qualifying score in competition in the previous level, provided the member and the club leader are confident the member is ready for it.
