Exhibiting at the Fair

RULES AND PROCEDURES

The Competitive Exhibits Departments are the heart of the Tanana Valley State Fair. Through these Departments, the Fair accomplishes its primary mission of education. Competition and comparison are the keys to educating thousands of exhibitors and tens of thousands of Fairgoers who participate in the Fair each year. The exchange of ideas that takes place is part of a valuable tradition that dates back to the early 1800s. By participating in the Competitive Exhibits, you are entering into the educational process. Seeing your products side by side with others will show you the relative quality of your work as well as ways to improve.

The purpose of exhibiting at the Fair is to showcase the products that represent the community’s best efforts, to improve skills through comparison and competition, and to educate the public. Thank you for taking part and enjoy the Fair!

ENTRY RULES

1. Entries are open to all people.
2. Every exhibit must be entered in the name of the grower or maker, except for livestock, which must be entered in the name of the owner.
3. Junior exhibitors (age 16 and under) must enter Junior Departments with their current age written on the exhibit tag. This will be used only to determine age group and for labels.
4. Exhibitors may enter as many exhibits as they wish, but only one entry per Lot per Class. Refer to the livestock rules in Division 4 for livestock entry information.
5. No entry may be allowed to compete in more than one Lot within the same Class. Same entries cannot be entered in like Divisions within the Fairgrounds.
6. The right is reserved to refuse any exhibit not deemed appropriate for Fair entry. These decisions are made at the discretion of the Fair staff and Superintendents.
7. With the exception of live animals or plants, no entry shall have been previously exhibited at the Tanana Valley State Fair.
8. No smoking, drinking, or eating is allowed in the exhibit areas. No drugs or drug paraphernalia are allowed on the Fairgrounds. Beer and wine may be consumed only in areas designated by the Board of Directors.
9. No animals are permitted on the Fairgrounds, with the exception of guide dogs and animals entered as exhibits or as part of a Fair-sanctioned special event.
10. No “For Sale” signs, business cards, etc. are permitted on any exhibit during the course of the Fair.
11. Any exhibitor found plagiarizing, turning in entries from previous years, or turning in an entry that is not their own work will forfeit ALL premiums and placing for the year.
12. Entering an exhibit into the Fair indicates that the exhibitor accepts and agrees to abide by all rules and procedures as presented in the Exhibit Guide and other incidental materials.

ENTRY PROCEDURES

Exhibits are accepted only during the entry period stated in each Department. If you are unable to attend the entry day and wish to compete, please ask a relative or friend to take your entry to the Fair. The Tanana Valley State Fair Association is NOT responsible for early and late entries and they are NOT accepted.
HOW TO ENTER

Exhibiting at the Fair can be fun and easy – just follow these few simple steps. If you have questions, contact the Division Superintendent for guidance. The Tanana Valley State Fair Association also offers exhibitor handbooks that clarify judging and specific exhibiting instructions. **Exhibitors are responsible for adhering to specific instructions found in the handbooks.** These instructions may or may not be in the Exhibit Guide.

1. **Obtain your Fair ID number.** Each exhibitor must have a unique Fair ID number. This number is used on the exhibit tag to identify the exhibitor and all exhibits entered by the exhibitor. The exhibitor uses the same number each year as long as an exhibitor enters at least once every three years.

2. **Pick up exhibit tags.** An exhibit tag must accompany each exhibit. The exhibitor is responsible for accurately filling out the exhibit tag.

3. **Know your deadlines.** Exhibitors are responsible to know the entry periods and to enter at that time. (See Competitive Exhibits at a Glance for details for specific Departments.)

4. **Enter your exhibit.** Turn in your exhibit with its exhibit tag to the Superintendent or clerk at the Division locations listed in Competitive Exhibits at a Glance. You can get help on entry Day from the Fair Office. The Superintendent or clerk will remove the middle copy of the exhibit tag and return it to you as a claim check. The remaining portions of your exhibit tag are attached to the exhibit.

5. **Pick up your exhibits, score sheets, premiums, and ribbons** on the scheduled pick-up day with your exhibit tag receipt.

JUDGING

All judges at the Tanana Valley State Fair are volunteers, with the exception of livestock judges. The Tanana Valley State Fair Association recognizes its role in education and that qualified and impartial judges are the most important part of the process. Quality judging is recognized as one of the keys to quality exhibits at the Fair. The other key is exhibitor understanding of how things are judged. The following is an explanation of the two methods of judging used at the Tanana Valley State Fair.

**DANISH:** The DANISH system of judging uses an established standard of perfection as the basis for judging. Each exhibit is judging individually in comparison to the standard. The judge then decides whether the exhibit is deserving of a Blue Award (Excellent), Red Award (Good), White Award (Worthy), or no award. It is possible and in fact quite common, to have several Blue Awards in the same Class. The Danish system is used in the 4-H/FFA and Girl Scouting Departments.

**AMERICAN:** The AMERICAN system of judging is a competitive system. Exhibits are placed before a judge or group of judges who rank the exhibits. The exhibits are then awarded prizes based on the quality of the exhibits. A standard of quality is employed here also, but the exhibits are judged against the standard as well as each other. Most often the best exhibit receives a First Prize ribbon, the next best exhibit a Second Prize, and so forth. However, the judge may determine that there is no exhibit worthy of First Prize and would award the best exhibit a Second Prize or even no prize at all. A judge is not required to award any prizes at all, but may not award the same prize to more than one exhibit (i.e. no ties allowed).
**Premiums Awarded**

**Danish**
- Blue -------------- $3
- Red -------------- $2
- White ----------- $1
- Class Champion----extra $2

**American**

**JUDGING RULES**

1. Judging may begin in any Division immediately following the close of entries. If judging is on a point system, judging may begin as entries come in.
2. The Tanana Valley State Fair Association reserves the right to close the exhibit areas to public viewing until judging is complete.
3. Superintendents have the right to disqualify an entry if entry procedure or preparation has not been followed.
4. Superintendents may change Class of any exhibit if it has been entered in the wrong Division or Class, or may create a new Lot for any Class identified entry as appropriate. This must be done before judging begins or the entry will be disqualified. Although Superintendents are encouraged to reclassify exhibits when appropriate, it is the responsibility of the exhibitor to enter their exhibit in the correct Class and Lot.
5. All junior entries that do not place will receive a Participant Ribbon.
6. All judging is final. A protest may be submitted if the exhibitor feels he/she has been unfairly judged.

**TVSFA PROTEST POLICY**

Please read the Protest Policy completely before submitting a formal protest.

If an exhibitor feels the rules and/or procedure regarding his or her entry into the Tanana Valley State Fair have been improperly followed or interpreted, a protest may be submitted to the Fair Office. Questions regarding entry should be addressed to the Division Superintendent. **No appeal based on alleged incompetence of the judge(s) will be considered.** Decisions of the judges are final.

Exhibitors are strongly encouraged to confer with the Division Superintendent and/or Competitive Exhibits Manager prior to initiating a formal protest. Should a resolution not be reached after conferring with the Tanana Valley State Fair 2018 Exhibitor Guide
Superintendent and Manager, a formal protest must be submitted in writing within 24 hours of the event or of the results being made public.

Protests must plainly state the cause of complaint or appeal. Protests will be accepted only from exhibitors or parents or guardians of exhibiting minors directly affected by the outcome of judging being protested. All protests shall be accompanied by a $25 protest fee that will be returned if the protest is upheld.

The Protest committee convenes within 24 hours of receiving a formal complaint. Interested parties will be notified of the time and place and will be given the opportunity to submit evidence. The protest Committee is designated by the Board of Directors to consist of:

- 1 Board Member
- Division Superintendent for that area or other expert
- Competitive Exhibits Manager or other staff member
- General Manager

The decision of the Protest Committee is final.

All protests require a $25 protest fee that will be returned if the protest is upheld.

**EXHIBIT PICK-UP AND PAYOUT**

**ALL Exhibit payouts will be on Friday, August 17th from 11-6 pm and Saturday, August 18th from 10-3 pm. Any premiums $25 and under not picked up by closing time on Saturday, August 18th will be forfeited. All exhibit payouts over $25.01 will be mailed to exhibitors.**

Exhibits will be available for pickup on Monday, August 13th from 11 - 5 pm. Exhibits not picked up by Wednesday, August 15th by 2 pm will be disposed of.

1. Exhibits may not be removed from the Fairgrounds prior to Sunday, August 13th except by permission of the Competitive Exhibits Manager or Division Superintendent. Special provisions for removal of livestock exhibits are covered in the Livestock Rules listed at the beginning of Division 4.

2. Exhibitors are responsible for picking up their exhibits on the dates listed. The Tanana Valley State Fair Association is not responsible for exhibits, premiums, or ribbons left at the Fairgrounds after that time unless prior arrangements have been made. (For livestock, see Livestock Rules in Division 4, Livestock Release).

3. Premiums $25.01 or more not claimed by Saturday, August 18th will be mailed to the exhibitor. Combined premiums valued $25 or less will be forfeited.

4. Any exhibitor obtaining a premium through false evidence or misrepresentation, or by violation of any of the rules and regulations, shall have the money or other premium withheld by the Fair until the case has been resolved.
5. Livestock and equine exhibitors must adhere to all rules of conduct and responsibility or forfeit any premiums due. See Livestock Rules and Ethics Policy for information that is more specific.

6. Premiums in question should be resolved by August 18th, 2018 through the Fair office.

**EXHIBIT SECURITY**

The fair management uses every possible precaution to protect the exhibits and property while on exhibition. However, the TVSFA shall not be held responsible for loss, damage, or injury of any kind from any source. Due to conditions beyond our control, the Fair management, and/or association members will not be held responsible for personal injuries, accidents, or losses sustained by visitors, exhibitors, or other people on the Fairgrounds. Any concerns regarding the security of your exhibit must be dealt with prior to the Fair. Entering an exhibit into the Fair indicates that the exhibitor accepts the inherent risks in displaying his/her exhibits in a public forum.

The TVSFA Board of Directors reserves the right to interpret these rules and regulations and to arbitrarily settle and determine all matter, questions, and differences in regard thereto, or arising out of, connected with or incident to the Fair, and it reserves the right to rule on any matter not covered.

**TVSFA MISSION STATEMENT**

The Tanana Valley State Fair Association seeks to highlight and enhance appreciation of Interior Alaska by showcasing competitive and commercial exhibits during an annual Fair with wide community appeal. The Fair educates and entertains all participants by providing opportunities to share a rich variety of individual and community endeavors. The Fair encourages and welcomes involvement by all.

4-H Information

What is 4-H?
4-H is a community of young people across America who is learning citizenship, leadership, and life skills. It is the youth audience of the Cooperative Extension System in the United States. Young people in grades K-12 participate in individual and group learning experiences. 4-H leaders are considered volunteer staff members. At the local level, each district has a University of Alaska Extension Office, which administers the 4-H program. At the national level, 4-H is under the leadership of the United States Division of Agriculture.
**How does the 4-H program work?**

It is said, “It is better to build a child than to mend an adult.” This is the main objective of the 4-H program. 4-H is a learn-by-doing program. This “experimental learning” occurs when youths participate in an activity, look back to reflect the activity, draw conclusions or observations from the experience, and relate the experience to past or future experiences in their lives. Through the experimental learning process, young people develop basic, transferable skills useful in real-life experiences today and in the future. Youths learn skills for living.

**What can you do in 4-H?**

Members, with guidance from adult leaders, learn useful life skills to communicate with others and serve their community by practicing these skills in real-life situations. Adult leaders have the opportunity to participate in the Alaska 4-H leader’s forum, Western Regional 4-H leader’s forum, Regional leader workshops, National leader’s forum, Safety 4-H volunteer leader training, and the honor and enjoyment of mentoring youth. Club opportunities provide hands-on experience with a variety of project work, public presentations, record keeping, recreation, community service, district and state contest, and exhibits. Participation in the activities of a 4-H club are not only fun, but are educational as well.

**EDUCATIONAL DISPLAY**

Each Division offers the opportunity to enter an educational display. Individual displays are limited to a maximum of 72 inches in height, 26 inches in width and 30 inches in depth (front to back of display) when exhibited. Displays must be freestanding. Displays must reflect actual club-related work or projects; school-related projects should be entered into Division 20A – Education Showcase. A display may be 3-dimensional or a notebook. If you choose to do a poster, check Division 1J, Class F to see if submitting the poster in that Division is more appropriate.

Displays show and explain something that the 4-H member has made, done, or learned, such as how and why wool shrinks, why bread rises, safe use of tools, parts of a small engine, how bees communicate, plans for building equipment, research findings, etc. Explanations should include how the exhibit was made or what was done in the project; operating instructions if appropriate; information sources; and what the member learned. Explanations must be complete to qualify the exhibit for judging.

Largen Barn

ANIMAL DELIVERY & VET CHECK
Thursday, August 2
Small Animals: 2-8 p.m.
Large Animals: 4-8 p.m.

GENERAL INFORMATION

ENTERING: Get a Fair ID number from the Fair Office. Use this number every year. Each animal entry or pen of animals must have a stall card (available in the Fair Office and online). Entry forms may be picked up from the Fair Office ahead of time, or they will be available in the Largen barn on entry day.

PURE BREED JUDGING: Purebred registration papers must be available if required, and must include animal identification. Add the name of the breed to the Lot number on the stall card. At least three animals of the same breed for large animals and five animals of the same breed for small animals must be entered to be eligible for a Best of Breed ribbon.

JUDGING SYSTEM (LIVESTOCK): Open Class judging in this Division is done using the American System. 4-H and FFA Class are judged on the Danish System. The DANISH system of judging uses an established standard of perfection as the basis for judging. Each exhibit is judging individually in comparison to the standard. The judge then decides whether the exhibit is deserving of a Blue Award (Excellent), Red Award (Good), White Award (Worthy), or no award.
GENERAL LIVESTOCK RULES

ANIMAL ENTRY: Exhibit forms and stall cards must be submitted on Saturday August 1 between 1 and 6 p.m. Entries will be accepted at the Largen Barn on the Fairgrounds.

**ETHICS POLICY FOR ANIMALS**

Every person with a live animal has a moral obligation to conduct him or herself with the highest standards of honor and dignity toward said animal and all people involved. Those ethics are to be used as guidelines for fair treatment of animals while on the property of the Tanana Valley State Fair Association.

Exhibitors, owners, or responsible persons in possession of animals on the Tanana Valley State Fair Association property shall at all time conduct themselves honestly and display good sportsmanship. TVSFA requires all exhibitors, owners, trainers, or responsible persons to be responsible for the care and management of their animals and to keep them healthy, clean, and safe.

**CODE OF SHOW RING ETHICS**

Adapted from the IAFE Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open Class exhibitors who compete in structured Class of competition. This code applies to all livestock offered in any event at the Tanana Valley State Fair.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1) All exhibitors must present, upon request of Fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2) Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair officials.
3) Junior exhibitors are expected to care for and groom their animals while at the fair.
4) Animals shall be presented to show events where they will enter the food chain free of vaccine drug residues. The act of entering an animal in the Tanana Valley State Fair is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for Fair management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and local statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and local statutes, regulations, and rules affect the animal’s performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally, and the cost of the tests will be the responsibility of the owner of the animal. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock does not indicate the presence of forbidden drugs or medication, the cost of the tests will be the
responsibility of the Tanana Valley State Fair Association. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal’s performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair management, or other fair officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8) No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9) The application of this code of ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the Tanana Valley State Fair Association for violation of this Code of Show Ring Ethics and any other rules of competition of the Tanana Valley State Fair without recourse against the Tanana Valley State Fair Association.

11) The act of entering of an animal in the Tanana Valley State Fair is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or local statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Special Award  
*People’s Choice Rosette*

Special Preparations: Maximum size for ALL exhibits (except those in Class G) is 12” x 20” x 12”.  
**Maximum size for Class F (including Lego’s) is 12” x 12” x 12”**. Due to limited space, the Fair is unable to display every entry if some entries are larger than these. If the exhibit is larger than the sizes listed above, contact the Superintendent prior to entry day. Hanging exhibits must be prepared for hanging before being entered. All collections must be affixed to a board, in a container, or in a display case. Gem/mineral collections may be displayed in bags that are stapled, taped, or glued to the board.  
**Clay is not to be used to affix any items to a board.** Due to space limitations, it is often necessary to display boards at an angle and clay does not adequately hold items to a board. When using tape, make sure that all areas of the tape are covered so that it will not stick to other items.

Collections may be limited to one page or up to 5 items of overall collection, depending on space availability. Entries of great value will be judged but may not be displayed if locked exhibit space is not available. Judging will be based on: 1) quality rather than quantity; 2) originality; 3) attractiveness of display; and 4) on the items in the collection. Individual items in the collection need not be made by the exhibitor.

Please include a 3” x 5” card explaining your entry. Contact the superintendent for more information. Although many items will not include a display background, some, such as collection, will be partially judged on how they are displayed.

A kit is defined as a pre-cut manufactured item that has come with materials and instructions for completion. An original item is one that you have designed and put together. Parts of an original entry may be from pre-manufactured pieces, but the finished product should be unique. Handmade exhibits must be made by the exhibitor. REDUCE, REUSE, AND RECYCLE!

Superintendent: …………………………………………………………………………………TBA

ENTRY DAY
Open and Junior
Saturday, July 28, 1 to 6 p.m.
Kiwanis Agricultural Hall

PICK-UP
Open and Junior
Monday, August 13, 11 to 5 pm

We know that our communities and local environments can become healthier if we learn new ways to reduce, reuse, and recycle the items that we buy, the materials that we make, and the energy that we consume. This Division is designed to get your creative juices flowing and to tap into your imagination and talents. Share your ideas, your inventions, and your viewpoints. Show with words or with examples how Interior Alaskans can reduce, reuse, and recycle!

Special Preparations: Attach a card to your exhibit explaining your entry. Please describe any materials in your exhibit that reduce waste or that have been reused or recycled from other items. Exhibits will be judged on ingenuity, originality, quality, and percentage of contents that reduces, reuses, or recycles. Please NO food or garbage with smells (i.e., rotting).

Class A ---------------------------------------------------------------------------------------------------------- Reduce!
To reduce means to use fewer things and produce less waste. Reduce by repairing broken items rather than buying new. Reduce by using a durable object instead of a disposable one. Reduce by coming up with a plan to use less energy.
Lot 1 How can we reduce? Write an essay/song/poem/story.
Lot 2 Create a poster or display about “reducing”.
Lot 3 Show or write about a way to reduce energy use.
Lot 4 Show or write about a way to reduce water consumption.
Lot 5 Show or write about a way to reduce land use.
Lot 6 Repair something.
Lot 7 Create a durable item to replace a disposable item.

Class B ---------------------------------------------------------------------------------------------------------- Reuse!
To reuse means to use something again instead of throwing it away. Reuse an item by using it again for its original purpose or by inventing a new use for it.
Lot 1 What can we reuse? Write an essay/song/poem/story.
Lot 2 Create a poster or display about “reusing”.
Lot 3 Create an arts-and-crafts item from reused objects.
Lot 4 Create a toy from reused items.
Lot 5 Create a quilt from reused Cloth.
Lot 6 Create clothing from reused materials.
Lot 7 Create jewelry/personal accessories from reused items.
Lot 8  Create tools, utensils, and other usable items from reused articles.
Lot 9  Nine-Lives!  What are nine ways that one item can be reused?  Write about it or show examples.
Lot 10 Create a musical instrument from reused materials.
Lot 11 Create a mobile or wind chimes from reused materials.
Lot 12 Create a bag, purse, or carryall from reused materials.

Class C

Recycle!
To recycle means to break down an item into its original components, that is then reconstructed into something useful. You recycle old paper when you blend it with water and glues to make new paper or when you compost yard waste into new soil. Aid recycling efforts by making a collection bin or invent something new made from recycled materials.

Lot 1  Why should we recycle?  Write an essay/song/poem/story.
Lot 2  Create a poster or display about “recycling”.
Lot 3  Recycle paper.
Lot 4  Write about or show how to compost yard waste.
Lot 5  Create a collection bin for a recyclable item.
Lot 6  Write a report about a recyclable item.
Lot 7  Invent an item made from recycled materials.

JUNIOR REDUCE, REUSE, RECYCLE!
AGE 16 AND UNDER

All Junior Class are identical to Adult Class, but are labeled with double letters (e.g. Class A becomes Class AA, Class B becomes Class BB, etc.). Please add the appropriate sub Lot letter to the Lot number.

SPECIAL AWARD

People’s Choice Rosette

QUILTS over 40 inches wide without Velcro sewn on back will not be accepted.

Special Preparations: Enough Velcro needs to be sewn onto the top edge of the back of any quilt over 40 inches wide so it will be held securely on our rack. Use the “hook” side of the Velcro. The easiest way to attach the Velcro is to machine stitch top and bottom to a piece of fabric. Then whip stitch the top and bottom edges of the fabric, to the back of the quilt just below the binding. Note: Stick-back Velcro will not work!

Condition: Entries must be clean (no pet hair, quilting marks, soil, or unpleasant odor) and have a new appearance.

Definition:

- **Maker: the creator of the quilt top:** If more than one person made any portion of the top, the quilt belongs in Class D – Made by Group.
- **Longarm or midarm:** Any machine mounted on a frame allowing the quilter to move the machine rather than the fabric.
- **Home sewing machine:** Any sewing machine that is table-mounted or stationary which allows the quilter to move the fabric rather than move the machine.
- **Edge-to-Edge Quilting:** A design quilted from one side to the other side and repeated from top to bottom of the quilt.
