Quilt Show

SPECIAL AWARD People's Choice Rosette

QUILTS over 40 inches wide without Velcro sewn on back will not be accepted.

Special Preparations: Enough Velcro needs to be sewn onto the top edge of the back of any quilt over 40 inches wide so it will be held securely on our rack. Use the "hook" side of the Velcro. The easiest way to attach the Velcro is to machine stitch top and bottom to a piece of fabric. Then whip stitch the top and bottom edges of the fabric, to the back of the quilt just below the binding. Note: Stick-back Velcro will not work!

Condition: Entries must be clean (no pet hair, quilting marks, soil, or unpleasant odor) and have a new appearance.

Definition:

- **Maker:** the creator of the quilt top: If more than one person made any portion of the top, the quilt belongs in Class G – Made by a Group
- **Longarm or midarm:** Any machine mounted on a frame allowing the quilter to move the machine rather than the fabric
- **Home sewing machine:** Any sewing machine that is table-mounted or stationary which allows the quilter to move the fabric rather than move the machine.
- **Edge-to-Edge Quilting:** A continuous line design quilted from one side to the other side and repeated from top to bottom of the quilt.
- **Custom Quilting:** Individual quilting designs in borders, sashing, blocks and/or in the body of the quilt, as with Whole Cloth Quilts.
