RULES AND PROCEDURES

Competitive Exhibits are at the heart of the Tanana Valley State Fair.

Competition and comparison are the keys to educating thousands of exhibitors and tens of thousands of Fairgoers who participate in the Fair each year. By participating in the Competitive Exhibits, you are entering the educational process. The purpose of exhibiting at the Fair is to showcase the products that represent the community's best efforts, to improve skills through comparison and competition, and to educate the public.

Thank you for taking part, and enjoy the Fair!

ENTRY RULES

1. Entries are open to all people.
2. Every exhibit must be entered in the name of the grower or maker, except for livestock, which must be entered in the name of the owner.
3. Junior exhibitors (age 16 and under) must enter Junior Departments with their current age written on the exhibit tag. This will be used only to determine age group and for labels.
4. Exhibitors may enter as many Competitive exhibits as they wish, but only **one (1) entry per Lot per Class**. Refer to the livestock rules in Division 4 for livestock entry information.
5. No entry may be allowed to compete in more than one (1) Lot within the same Class.
6. Up to Five (5) Non-Competitive Class entries may be entered in the Non-Competitive Class. Check your Division to see if this class is available. Non-Competitive Classes will not be judged for any ribbon or monetary prize.
7. The right is reserved to refuse any exhibit not deemed appropriate for Fair entry. These decisions are made at the discretion of the Fair staff and Superintendents.
8. Except for live animals or plants, no entry shall have been previously exhibited at the Tanana Valley State Fair.

Exhibiting at the Fair can be fun and easy – just follow these few simple steps. If you have questions, contact your Division Superintendent for guidance.

9. Entries that were entered Non-Competitively in 2020 may return in 2021, but you must have the corresponding Non-Competitive Tag for proof of Non-Competition.
10. No smoking, drinking, or eating is allowed in the exhibit areas. No drugs or drug paraphernalia are allowed on the Fairgrounds. Beer and wine may be consumed only in areas designated on the Fairgrounds by the Board of Directors.
11. No animals are permitted on the Fairgrounds, with the exception of service dogs and animals entered as exhibits or as part of a Fair-sanctioned special event.
12. No "For Sale" signs, business cards, religious or military pamphlets permitted on any exhibit during the Fair. Displays are strictly Exhibits only.
13. Any exhibitor found plagiarizing or turning in an entry that is not their own work will forfeit ALL premiums and placing for the year.
14. Entering an exhibit into the Fair indicates that the exhibitor accepts and agrees to abide by all rules and procedures as presented in the Exhibit Guide and other incidental materials.

ENTRY PROCEDURES

1. **Log into the Fair Entry System and create a profile.** Each exhibitor must create a profile on the ShoWorks System. This account is permanently on the system and can follow you to any future TVSFA fair using the system!
2. **Print your Entry Tags.** An entry tag must accompany each exhibit. The exhibitor is responsible for checking in and printing out their exhibit tags.
3. **Know your deadlines.** Exhibitors are responsible to know the applicable entry periods and to follow those dates.
4. **Enter your exhibit.** Turn in your exhibit with its exhibit tag to the Superintendent or clerk at the Division locations! You can get help on entry Day from designated Staff or Volunteers. Call the Fair Office if you need access to a computer before Entry Day.
5. **Remember to pick up your Exhibit and Premiums!** Mark down the dates to reclaim your items and winnings and be sure to bring the receipt!

We understand that many will be excited to put their entries in, but we cannot accept entries before or after the published entry dates and hours! No Exceptions! If you are unable to attend Entry Day, please ask a relative or friend to take your entry to the Fair with your items!

JUDGING

All judges at the Tanana Valley State Fair are volunteers, with the exception of livestock judges. The Tanana Valley State Fair Association recognizes its role in education, and that qualified and impartial judges are the most important part of the process. Quality judging is recognized as one of the keys to quality exhibits at the Fair. Another key is exhibitor understanding of how exhibits are judged. The following is a description of the two methods of judging used at the Tanana Valley State Fair.

DANISH: The DANISH system of judging uses an established standard of perfection as the basis for judging. Each exhibit is judged individually in comparison to the standard. The judge then decides whether the exhibit is deserving of a Blue Award (Excellent), Red Award (Good), White Award (Worthy), or no award. It is possible, therefore, to have several Blue Awards in the same Class. The Danish system is used in the 4-H/FFA and Girl Scouting Divisions.

AMERICAN: In the American system of Judging, exhibits are placed before a judge or panel of judges who rank the entries. A standard of quality is employed here also, but the exhibits are judged against the standard as well as each other. Most often the best exhibit receives a first prize ribbon, the next best exhibit a second prize, and so forth. However, the judge(s) may determine that there is no exhibit worthy of first prize and would award the best exhibit a second prize or even no prize at all. A judge is not required to award any prizes at all, but may not award the same prize to more than one exhibit.

JUDGING RULES

1. Judging may begin in any Division immediately following the close of entries. If judging is on a point system, judging may begin as entries come in.
2. The Tanana Valley State Fair Association reserves the right to close the exhibit areas to public viewing until judging is complete.
3. Superintendents have the right to disqualify an entry if entry procedure or preparation has not been followed.
4. Superintendents may change the Class of any entry if it has been entered in the wrong Division or Class, or may create a new Lot for any Class entry identified as appropriate. This must be done before judging begins or the entry will be disqualified. Although Superintendents are encouraged to reclassify exhibits when appropriate, it is the responsibility of the exhibitor to enter their exhibit in the correct Class and Lot.
5. All junior entries that do not place will receive a Participant Ribbon.
6. All judging is final. A formal protest may be submitted if the exhibitor feels they have been unfairly judged.

TVSFA PROTEST POLICY

Decisions of the judges are final. If an exhibitor feels the rules and/or procedures regarding their entry into the Tanana Valley State Fair have been improperly followed or interpreted, a protest may be submitted to the Fair Office. Questions regarding entry should be addressed to the Division Superintendent. No appeal based on alleged incompetence of the judge(s) will be considered.

Exhibitors are strongly encouraged to talk to the Division Superintendent and/or Competitive Exhibits Manager prior to initiating a formal protest. Should a resolution not be reached after speaking with the Superintendent and Competitive Exhibits Coordinator, a formal protest may be submitted in writing within 24 hours of the event or of the results being made public.

Protests must plainly state the cause of complaint or appeal. Protests will be accepted only from exhibitors or parents or guardians of exhibiting minors directly affected by the outcome of judging being protested. All protests shall be accompanied by a \$25 protest fee that will be returned if the protest is upheld.

4. Premiums in question should be resolved by August 31, 2020 through the Fair office.

EXHIBIT SECURITY

Fair management uses every possible precaution to protect the exhibits and property while on exhibition. However, the TVSFA shall not be held responsible for loss, damage, or injury of any kind from any source. Due to conditions beyond our control, the Fair management, and/or Association members will not be held responsible for personal injuries, accidents, or losses sustained by visitors, exhibitors, or other people on the Fairgrounds. Any concerns regarding the security of your exhibit must be dealt with prior to the Fair. Entering an exhibit into the Fair indicates that the exhibitor accepts the inherent risks in displaying their exhibits in a public forum.

The TVSFA Board of Directors reserves the right to interpret these rules and regulations and to arbitrarily settle and determine all matter, questions, and differences in regard thereto, or arising out of, connected with or incident to the Fair, and it reserves the right to rule on any matter not covered.

NUMBER OF ENTRIES: Large livestock exhibitors may make more than one entry per Lot, except in 4-H/FFA Market Livestock Project. See Division 4C, Poultry & Rabbits, for specific limits per Lot for each variety.

EARLY REMOVAL OF EXHIBITS: All animals must remain on exhibit and cannot be removed from the Fairgrounds before the end of the proper exhibit limit, except with written permission of the Division Superintendent. Any animals removed in violation of this rule will forfeit all premiums and any deposit.

LIVESTOCK RELEASE: All livestock exhibits must be picked up on Sunday, August 9, 7 AM. Exhibitors must arrive by 7 AM to participate in the cleaning of the Barns. Stalls must be clean and inspected by Superintendents before animals are

released from the Fair. **Prizes and premiums will be forfeited by exhibitors who do not participate in the 7 AM final Barn cleaning and/or who leave unclean stalls, pens, and cages.** Animals not picked up by 11 AM will be considered abandoned and will be impounded and subject to a daily charge for animal care.

ADMISSION: Exhibitors must purchase either daily or season passes for entrance onto the Fairgrounds to show and tend their animals.

SELLING TO THE PUBLIC: No "For Sale" or "Free" signs may be displayed on animals, stalls, or cages during the fair. Giving rides for hire on any animal is strictly prohibited.

CARE OF ANIMALS: Exhibitors are responsible for ensuring their animals always receive proper care including daily food and water available. All animals, pens, equipment, and aisle spaces are always to be kept clean. All exhibitors are required to provide their own feed. The Fair will furnish wood shavings for bedding of all animals. If other bedding is desired, the exhibitor must furnish it. Manure must be deposited in designated areas only. Exhibitors are required to abide by the individual rules set out by each Division for which they have animals entered. If a Division Superintendent needs to call the veterinarian for emergency animal care during the Fair, the owner will be responsible for the charges. If a Division Superintendent determines that the health and welfare of an animal is at risk due to insufficient or inadequate care, the exhibitor may be disqualified and asked to remove their animals from the Fairgrounds. In extreme circumstances, the animal may be delivered to the Fairbanks North Star Borough Animal Shelter at the exhibitor's expense. The Tanana Valley State Fair Association has no liability for sick or injured animals. **Exhibitors who fail to take proper care of their livestock will forfeit all premiums.**

POSTMORTEM EXAMINATION: The Fair requires a postmortem examination of any animal which dies during the Fair. The animal's death must be reported to Fair management within four (4) hours, and Fair management will contact the attending veterinarian. All charges incurred for veterinary service or necropsy will be the responsibility of the exhibitor.

BARN DUTY: Open, 4-H, and FFA exhibitors **must** sign up for two 2-hour Barn duty shifts in each area they are exhibiting in during the week to help keep the barns, aisles, and surrounding areas clean, and to answer questions from the public. If there are not enough exhibitors to fill Barn duty shifts, the Superintendents may make the Barn duty shifts a longer duration. The Superintendents will determine duties.

LIVESTOCK AREAS: Specific areas are designed for activities such as showing, judging, exercise, transport, feeding, watering, and grooming. No animal will be allowed outside the designated areas. The owner or exhibitor must attend to all animals being exercised. Failure to comply with this rule will result in forfeiture of premiums and/or expulsion from the Fairgrounds.

OVERNIGHTERS: A parent or guardian must accompany all youth exhibitors under 18 spending the night in the livestock parking area. Livestock exhibitors willing to volunteer as night guards in the Livestock barn should call the Fair Office or the Division Superintendent. A midnight curfew will apply to the livestock buildings, barns, and parking areas. **Quiet hours of 11 PM to 7 AM must be observed.**

EXHIBIT SECURITY: The TVSFA management uses every possible precaution to protect the exhibits and property while on exhibition. However, the TVSFA shall not be held responsible for loss, damage, or injury of any kind from any source. Due to conditions beyond our control, the Fair management and/or Association members will not be held responsible for personal injuries, accidents, or losses sustained by visitors, exhibitors, or other people on the Fairgrounds. Any concerns regarding security of your exhibit must be dealt with prior to the Fair. Entering an exhibit into the Fair indicates that the exhibitor accepts the inherent risks in displaying their exhibits in a public forum.

PARKING: Vehicle entry for the purpose of caring for or exhibiting animals will be made only through Green Gate (see Fairground map). This area is for Livestock and Equine exhibitors only. Livestock/Equine parking will be as follows: \$3 per day for day parking only (no overnight), \$5 per day for a 20' x 40' space, and \$7 per day for a 20' x 60' space. Passes are available through the General Livestock Superintendent. **No parking passes will be sold through the Fair Office or at the gates.** Superintendents and Show Managers have reserved spaces. Failure to honor these will result in a towed vehicle. **One must have a parking pass PLUS paid gate admission to be allowed into this area. NO EXCEPTIONS WILL BE MADE.** The wristband issued for Livestock and Equine areas is for identification only and does not replace a parking pass or paid gate admission. Parking passes for Livestock Exhibitors may be purchased from the General Livestock Superintendent on Entry Day when turning in entry forms. Failure to abide by the directions of the Fair staff or Security team will result in a verbal or written warning and potential expulsion from the Fairgrounds. Purchase of a Livestock parking pass implies agreement to these conditions and rules.

ETHICS POLICY FOR ANIMALS

Every person with a live animal has a moral obligation to conduct themselves with the highest standards of honor and dignity toward said animal and all people involved. Those ethics are to be used as guidelines for fair treatment of animals while on the property of the Tanana Valley State Fair Association.

Exhibitors, owners, or responsible persons in possession of animals on the Tanana Valley State Fair Association property shall at all times conduct themselves honestly and display good sportsmanship. TVSFA requires all exhibitors, owners, trainers; or responsible persons to be responsible for the care and management of their animals and to keep them healthy, clean, and safe.

ANIMAL PREGNANCY: No animals will be allowed in the last half of their pregnancy. Any exhibitor that has an animal that gives birth at the Tanana Valley State Fair will be banned from the fair for one year for first violation. The exhibitor of the animal(s) will forfeit premiums for the year. Second violation of this rule will result in a Five-year ban of the exhibitor and animal(s).

CODE OF SHOW RING ETHICS

Adapted from the IAFE Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall always deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to both Junior and Open Class exhibitors who compete in structured Class of competition. This code applies to all livestock offered in any event at the Tanana Valley State Fair.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- 1) All exhibitors must present, upon request of Fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2) Owners, exhibitors, fitters, trainers, or responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair officials.
- 3) Junior exhibitors are expected to care for and groom their animals while at the fair.
- 4) Animals shall be presented to show events where they will enter the food chain free of vaccine drug residues. The act of entering an animal in the Tanana Valley State Fair is the giving of consent by the owner, exhibitor, fitter, trainer, and/or responsible person for Fair management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and local statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and local statutes, regulations, and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally, and the cost of the tests will be the responsibility of the owner of the animal. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock does not indicate the presence of forbidden drugs or medication, the cost of the tests will be the responsibility of the Tanana Valley State Fair Association. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.
- 5) Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

- 6) The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7) Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair management, or other fair officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
- 8) No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether they were instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or responsible person to have disciplinary action taken by the Tanana Valley State Fair Association for violation of this Code of Show Ring Ethics and any other rules of competition of the Tanana Valley State Fair without recourse against the Tanana Valley State Fair Association.
- 11) The act of entering of an animal in the Tanana Valley State Fair is the giving of verification by the owner, exhibitor, fitter, trainer, or responsible person that he or she has read the Code of Show Ring Ethics and understands the consequences of, and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or local statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Creative Writing

The Creative Writing Division is for Original prose and poetry. School projects that do not adhere to the manuscript appearance standards are to be entered into Division 20A-Education Showcase. All entries in the Creative Writing Division must adhere to the following requirements:

Use only 8.5"x11" papers (may be white or pastel). All work must be typed and double-spaced; 12-point font is highly recommended. Margins should be 1" on each side. Small artwork or small graphics are only accepted if they are an integral part of the manuscript. Make sure your name does not appear anywhere on the manuscript.

Manuscripts of 2 or more pages must be fastened together (stapled). Do not use binding, plastic covers, or a cover sheet of any kind except on desktop publishing entries where bound pages are okay. We know that our communities and local environments can become healthier if we learn new ways to reduce, reuse, and recycle the items that we buy, the materials that we make, and the energy that we consume. This Division is designed to get your creative juices flowing and to tap into your imagination and talents. Share your ideas, your inventions, and your viewpoints. Show with words or with examples how Interior Alaskans can reduce, reuse, and recycle!

Attach a 3"x5" card to your exhibit explaining your entry. Please describe any materials in your exhibit that reduce waste or that have been reused or recycled from other items. Exhibits will be judged on ingenuity, originality, quality, and percentage of contents that reduces, reuses, or recycles. All exhibits must be cleaned thoroughly—no rotting food smells!

PICK UP DAYS

Agricultural Museum
Monday, August 10, 1-6 PM

THE QUILT SHOW IS NOW LOCATED IN THE AGRICULTURAL MUSEUM

Special Preparations: Enough Velcro needs to be sewn onto the top edge of the back of any quilt over 40 inches wide so it will be held securely on our rack. Use the "hook" side of the Velcro. The easiest way to attach the Velcro is to machine stitch top and bottom to a piece of fabric. Then whip stitch the top and bottom edges of the fabric, to the back of the quilt just below the binding. Note: Stick-back Velcro will not work!

Condition: Entries must be clean (no pet hair, quilting marks, soil, or unpleasant odor) and have a new appearance.

Definitions:

Maker: the creator of the quilt top: If more than one person made any portion of the top, the quilt belongs in Class G-Made by a Group

Longarm or midarm: Any machine mounted on a frame allowing the quilter to move the machine rather than the fabric

Home sewing machine: Any sewing machine that is table-mounted or stationary which allows the quilter to move the fabric rather than move the machine.

Edge-to-Edge Quilting: A continuous line design quilted from one side to the other side and repeated from top to bottom of the quilt.

Custom Quilting: Individual quilting designs in borders, sashing, blocks and/or in the body of the quilt, as with Whole Cloth Quilts.
