SPECIAL RULES

A. All entries in this department are subject to the General Rules and Regulations, the Junior Livestock Show Rules, and the Special Rules of this department.
B. Certificate of Veterinary Inspection current, within 30 (thirty) days is required and must be presented upon arrival at gate to be allowed onto the grounds.
C. The American Angus Association, 3201 Frederick Blvd., St. Joseph, Missouri 64506, will participate in premiums offered in individual classes for Junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown the previous year. The Association contributions will be as follows: 15-24 head - $100 lump sum, 25-50 head - $300 lump sum, 51-75 head - $375 lump sum, 76-100 head - $450 lump sum, 101-125 head - $600 lump sum, 126 or more head - $1,000 lump sum. A minimum of fifteen (15) head must be shown in the junior Angus heifer classes to receive American Angus premium participation. The show is not required to have all classes to be eligible for premiums. The Association contributions will be included in the premium checks issued by the show.
D. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.
E. To be eligible for Association premiums the entries must be recorded in the sole name of the Junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.
F. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.
G. Exhibitors must have the original registration certificate on each animal available for inspection at the show. Any animal, upon Check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.
H. Any female shown with a calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check in.
I. Only one person at a time shall lead animals into the show ring.
J. *Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating direction with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 811. These rules can be found at www.angus.org.*
K. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from

showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

L. Effective July 1, 2007, at any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, and individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various test designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

M. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

N. This is a blow and go show.
