#### **Important – Shipping Instructions- Important**

All samples must be sent Fed-Ex or UPS **PRIORITY OVERNIGHT DELIVERY**. Tissue samples must be double bagged in zip lock type bags to prevent leakage. Tissue samples should be prechilled in a refrigerator (5°C, Not Frozen) and shipped with frozen polar pack type refrigerant in an insulated container. Blood samples must be shipped with frozen polar packs in the containers provided. They may be shipped Monday through Thursday but not on Friday (we do not have Saturday delivery). Priority mail is not adequate for shipping samples.
