PAPER HOT AIR BALLOON

A STEP BY STEP TUTORIAL

Paper Hot Air Balloon Part I

1

Materials:

- Construction paper- 5 sheets or more.
- Markers
- Scissors
- Glue
- String
- Pencil

2

Fold a piece of paper in half. Then draw a curved shape with a stem at the bottom.

3

Cut the shape out & unfold it. Make 4 more of these.

4

Cut out a small square with scissors.

5

Glue the air balloon onto a piece of white paper.

Cut 2 small pieces of string. Glue them first & place the square over the strings.

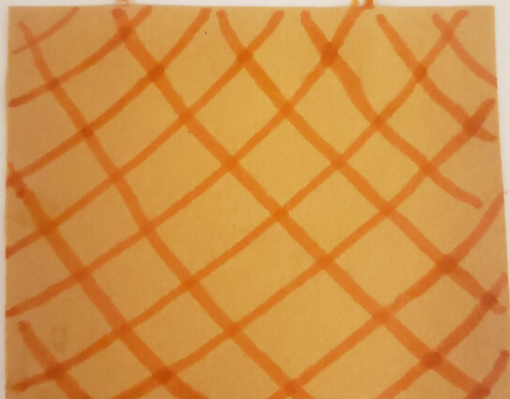

6

Using a marker, draw several lines diagonally across the square.

Paper Hot Air Balloon Part 2

7

Draw more diagonal lines in the opposite direction.

8

Draw another set in a contrasting color, overlapping the existing lines.

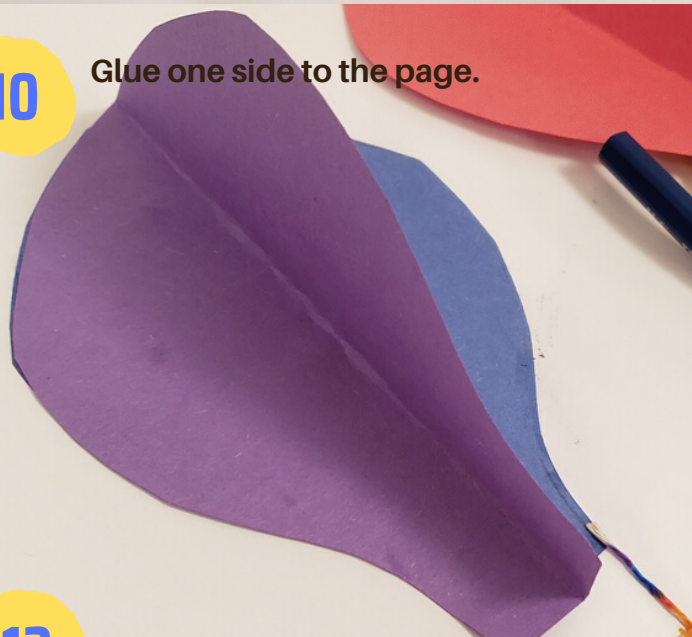

9

Bring out the extra hot air balloon shapes you made.

10

Glue one side to the page.

11

Glue another one of a different color to the page on the opposite side.

12

Place the middle balloon between the other two.

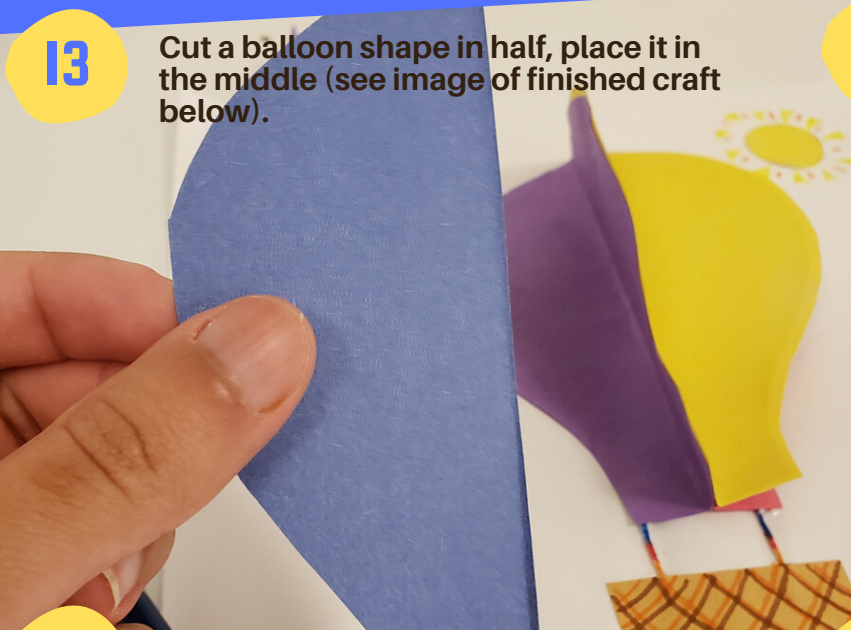

Cut out a yellow circle & place it on the right corner.

Paper Hot Air Balloon Part 3

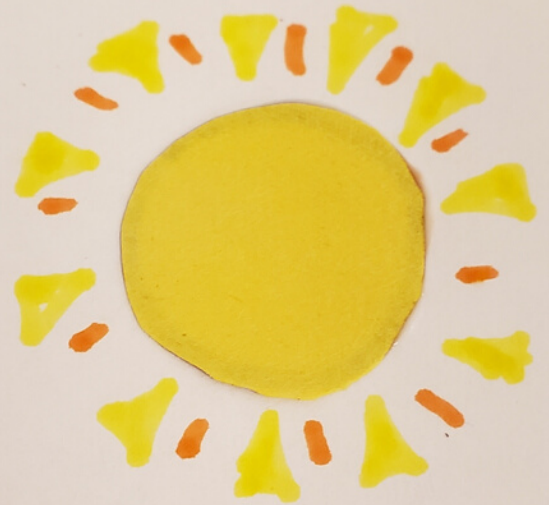

13

Cut a balloon shape in half, place it in the middle (see image of finished craft below).

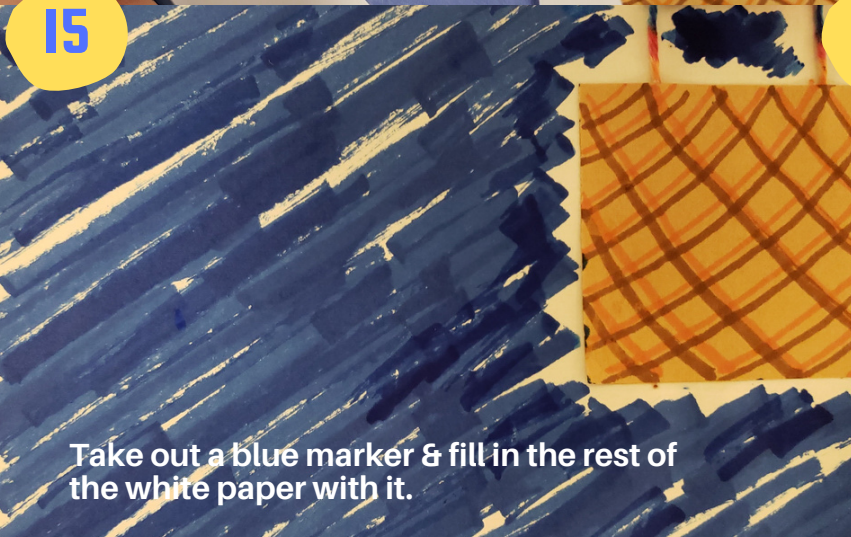

14

Use a marker to draw triangles & lines to create a sun.

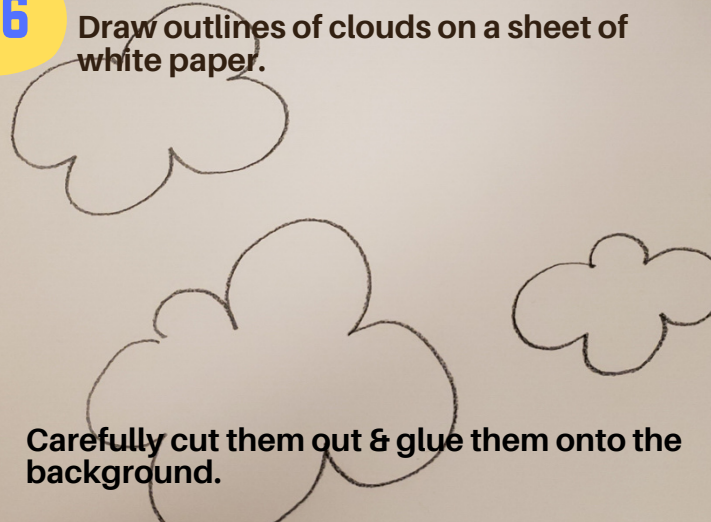

15

Take out a blue marker & fill in the rest of the white paper with it.

16

Draw outlines of clouds on a sheet of white paper.

Carefully cut them out & glue them onto the background.
