

# Phone/Kiosk Entry Instructions

## NEW INFORMATION:

-  Below you will see an example of an **Official Back Tag**. This year, exhibitors will have the option to enter their entry number, show weight, or birthdate from their mobile devices, Kiosk stations will still be available if your device is not capable or you prefer to use kiosk.
-  **VERY IMPORTANT** each exhibitor will be required to check corresponding entry number on the entries report found on the Tulsa State Fair website. Each entry number is specific to each individual animal. Follow the link to the entries report  
<https://www.tulsastatefair.com/p/getconnected/livestock-and-horse-shows/livestockentries>
-  Each species Kiosk Check-In time will stay the same as stated in the 2020 TSF Rulebook and will be located in their designated areas, the link that will be provided to enter information will be deactivated for each respective species deadline.
-  It is very important that the information provided on the kiosk form is **CORRECT**. If the information you enter is invalid you will be disqualified from the show.
-  After each submission to the Kiosk, each entry will get a conformation email confirming information entered. This is your receipt, in years past this has been stapled to the back of your cards.

*This is your **Entry #***

-  After submitting to kiosk or via Phone, check for a conformation email, this ensures that everything was submitted correctly. If you did not receive an email, your entry was not submitted!
-  **There will be a list of link for each species that takes them to the correct form. It is very important that you are submitting your information for the correct species at the correct time.**

**Below you will find the links to submit your entry number/weight/birthdates. Please again ensure you are submitting to the correct link, each QR code is specific to each department!**
