Premium List and Rules

164th Warren County Free Fair

Indianola, Iowa

Special Note to Exhibitors

The premium list as published will be our guide, so **read all the rules and be certain you understand them** when entries are made. The Executive Committee reserves the right to correct or interpret any part of the rules or premium list.

Before making your entries, notice carefully the rules and regulations governing the department in which each entry belongs, then be sure to fill out the entry form (one form may be used for all divisions), giving the correct division and class number.

All 4-H/FFA and Open Class entries must be the original work of the exhibitor, and all code of ethics followed.

If possible, make your entries before the last day; this will save confusion and waiting at that time. Notice carefully the time of closing entries. Be sure to have your livestock entries in place according to the Fair and Judging schedule. Fees for changing entry after entries close will be double the entry fee. If you make an entry and decide not to show it, advise the Secretary and your entry will be taken from the Judges' books. There is no charge for this.

The Fair Management has arranged to give the patrons of the Warren County Fair the best from an educational and entertainment standpoint, with more livestock and agricultural exhibits of all kinds.

The Fair Management believes that Warren County is entitled to the best. In turn, they have confidence that you will support their efforts by your attendance and cooperation, for which they thank you sincerely.

Livestock Auction

As of November 2001, it has become necessary to make a change to our policies and procedures for the livestock auction. These changes have come about due to a complaint from one person that was made to the Federal Stockyards and Packers Commission regarding the timeliness of checks being available to exhibitors.

Because of this complaint, we must speed up the collection and payment process. Checks must be issued market livestock exhibitors whether money has been collected from the buyers or not. In order to comply with federal requirements we must make checks available one week following the sale. The checks will be made available to exhibitors on Monday, August 6th. (We will be billing quicker, thus we will make a note on the invoices to buyers that we are complying with federal regulations and that we would appreciate prompt payment.) The lag time between collection and payment will necessitate the fair establishing a line of credit to cover exhibitor's checks.

The Fair Will Be Collecting a 1.5% Commission On All Market Animals Going Through The Auction.

The 1.5% commission covers:

- Administrative expenses (computer program, overtime costs, etc.)
- Interest expenses (for line of credit)
- Indemnity fund expenses (covers uncollected marplaint, these expenses were deducted from check.)
- Newspaper ad (prior to complaint these expenses were deducted from check.)

The beef, swine, sheep and goat check-off will be collected as usual. The fair regrets this decision, but the federal requirement has taken this situation out of our control. This commission collection will include cattle, swine, sheep, goats and poultry.

IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics*

Exhibitors of animals at livestock show shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in

accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminated with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the

competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in many publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

***This Code of Ethics was adopted at the Association of Iowa Fairs, Inc. Convention in December 2002, and revised in December of 2003. We, as members of the association, are printing it in our Fairbook as a Guideline for conduct. All rules and decisions, whether General and/or Specific, of the Warren County Fair take precedence.**

2020 Health Requirements for Exhibition of Livestock, Poultry and Birds at a County 4-H/FFA Fair exhibition

Any evidence of warts, ringworm, foot rot, pink eye, draining abscesses or any other contagious or infectious condition will eliminate the animal from the show.

No individual Certificate of Veterinary Inspection will be required on Iowa origin animals or poultry exhibited at County 4-H/FFA FAIR, but the animals must be inspected when unloaded or shortly thereafter by an accredited veterinarian. Swine are required to be inspected either before being unloaded or before leaving a designated isolation and inspection area (prior to mixing with any other pigs). All animals moving from out of state into an Iowa county 4H/FFA fair must meet Iowa Animal and Livestock Important requirements. Each show must have an official veterinarian..

Quarantined animals or animals from quarantined herds cannot be exhibited.

Official identification listed on a Certificate of Veterinary Inspection required for all cattle and bison of any age coming in from out of state used for rodeos, recreational events, shows and exhibitions.

Swine

All swine must originate from a herd or area not under quarantine and must be individually identified. All swine are required to have individual official identification. All 4-H and FFA tags bearing the US shield  are official identification tags.

Swine originating outside of Iowa. All exhibitors must present a test record and Certificate of Veterinary Inspection that indicate that each swine has had a negative test for pseudorabies within 30 days prior to the show (individual show regulations may have more restrictive time restrictions), regardless of the status of the herd, and show individual official identification on test report. Electronic identification will not be considered official identification for exhibition purposes.

Swine exhibition requirements. "Swine exhibition" means an exhibit, demonstration, show, or competition involving an event on the state fairgrounds, a county fair, or other exhibition event. The sponsor of the exhibition must retain an Iowa licensed veterinarian to supervise the health of the swine at the exhibition location. The sponsor must electronically file the approved registration form and obtain approval from the state veterinarian at least 30 days before the event. The registration form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; and the date of the planned exhibition. Sales of swine will not be allowed unless the event has been registered and received approval from the state veterinarian 30 days prior to the event.

Swine exhibition report required. The sponsor of the swine exhibition shall electronically submit to the department the approved report form within five business days after the conclusion of the exhibition. The form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; the date that the exhibition occurred; the name, address and telephone number of the owner of the swine; and the address and telephone number of the premises from which the swine was moved after the exhibition if such premises is a different premises.

All sexually intact goats must be identified with an individual Scrapie Flock of Origin identification tag (Ex. IA1234-5678), another official Scrapie tag, or by an official tattoo registered with USDA (to register, call 1-866-USDA-TAG; 1-866-873-2824). Wethers less than 18 months of age are required to have an individual identification and a scrapie tag may be used, but a scrapie tag is not required.

Poultry & Birds

All poultry exhibited must come from U.S. Pullorum-Typhoid clean or equivalent flocks, or have had a negative Pullorum-Typhoid test within 90 days of public exhibition and the test must have been performed by an authorized tester. (SEE GENERAL SECTION 1B) Please note: Poultry purchased from a hatchery and raised for exhibition are not exempt from Pullorum-Typhoid testing requirements.

However, "Market Classes" of poultry consigned to a slaughter establishment are exempt from the Salmonella testing requirements. "Market Classes" of poultry must be separated from all other poultry by a distance often or more feet and/or an eight-foot high solid partition.

Dogs & Cats

All dogs and cats exhibited must have a current rabies vaccination certificate.

Farm Deer

"Cervidae" means all animals belonging to the cervidae family, and "CWD susceptible cervidae" means whitetail deer, blacktail deer, mule deer, red deer, elk and moose. Native Iowa Cervidae may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.

All Cervidae must have been part of the herd of origin for at least one year or were natural additions, or must have originated from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or were natural additions. Cervidae originating from a herd with a diagnosis, signs, epidemiological evidence, or area under quarantine for chronic wasting disease may not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection:

"All Cervidae on this certificate have been part of the herd of origin for at least one year or were natural additions to this herd. There has been no diagnosis, signs, or epidemiological evidence of chronic wasting disease in this herd for the past year."

THE DECISION OF THE OFFICIAL SHOW VETERINARIAN WILL BE FINAL.

In order to show at the Warren County Fair, the Fairboard requires that all FFA members and projects shall comply with the same regulations as 4-H members and projects. *No animal project will be shown in Warren County 4-H/FFA division that has been or will be shown in another county fair in 4-H/FFA division the same year.*

4-H and FFA Swine - Dept. 109

*Superintendents: Mark Goodhue, Hunter Kingsbury,
Matt McGinnis, Joel Mosher, Kim DeLay*

As per direction from Iowa State Extension, tagging day was canceled on March 26, 2020. Animal ID was extended on 4-H Online until June 1 instead of May 15th.

Please watch for updates from Warren County Extension to follow procedures for tagging swine.

All Swine and Swine Exhibitors must attend Swine-Tagging Day. Tagging Day will be at the Warren County Fairgrounds on May 2nd from 7:00 a.m. to 9:00 a.m. Why? identify each hog with their own personal tag number with proper USDA tag and ear notch. **State Fair tagging will remain the same process as in previous years.**

New Procedure for Swine Tagging Day:

1. Exhibitor/Parent/Guardian will present the pig to the superintendent for reading of ear notch and tagging. Pigs will not unload into the barns, but will remain on the vehicle/trailer for processing. Maximum 15 pigs per exhibitor tagged.
2. 4-H ID Form will be completed and tag fees paid. Each exhibitor and parent/guardian will sign-off on the form. This information will be entered in 4-H online by Extension. The purebred registration numbers to be recorded online. Exhibitor/family will be responsible for verifying this information prior to May 15th. This procedure replaces the Swine Ear Notch Form. The determining document for eligibility is 4-H Online.
3. If an exhibitor cannot get pigs to tag day, they will have to: *Tag the pigs with state fair tags and still get them registered online by May 15th. *Go to another county weigh-in and get a USDA tag from Warren County Extension Office prior to weigh-in.
4. If a pig loses a tag: re-tagging procedure will apply. Please contact the Extension Office for further details.

MEETING on Thursday night at 6 p.m. in Barn. Please read the "General Rules and Regulations" and Rules for Livestock.

General Swine Rules:

To be eligible for exhibition in Market Swine Show, market pigs must weigh at least 210-310 pounds at the time of weigh-ins. All pigs, Market and Breeding, will be weighed only once,

unless there is an obvious mechanical problem with the scale. The weigh-in weight will also be the official sale weight. Pigs must have been farrowed on or after January 1st of current year.

Due to the limited number of pens available and the amount of pigs entered, the following rules must be followed:

1. Each exhibitor will be allowed to show a maximum of 6 pigs, which can be any combination of crossbred or purebred market or breeding animal.
2. Each exhibitor should be prepared to pen 3 pigs per pen.
3. The swine superintendents will have the right to reallocate pens among exhibitors if there are pens that are not being utilized by exhibitors to the extent of three pigs per pen. The number of pens that each exhibitor is assigned will be at the discretion of the Swine Superintendents.

4-H and FFA Market Swine

The buyers of the market hogs strongly encourage a voluntary 14-day withdrawal of any CHLORTETRACYCLINE product or any other drug that has a withdrawal time limit.

Due to the packer concerns, it is strongly recommended that pigs are not clipped. Short hair complicates processing of the animals. Hair cannot be clipped shorter than 1/2".

Superintendents will have final approval and can dismiss hogs from fair and/or sale.

Non-Terminal show animals that are not going through the sales must be designated within an hour of show being completed. Exhibitor needs to tell Superintendents where hog is going after it leaves Fairgrounds. Those animals that are not going to be in the sale will be released at **9:00 p.m.**

Sunday night. Animals must be removed by 6:00 a.m. Monday morning if not going through sale.

Each exhibitor may exhibit a total of 6 pigs of any combination in the Crossbred Market Divisions or Purebred Market Division, or Breeding Gilts. These pigs may be barrows or gilts or any combination of each. If entries exceed the capacity of the swine facility, the number of pigs each of exhibitor may be adjusted accordingly.

Each exhibitor may exhibit two individuals and one pen-of-three in the Crossbred and two individuals and one pen-of-three in the Purebred Classes. Also, each exhibitor may exhibit two gilts, which may be Crossbred or Purebred, in the Breeding Gilt Division. A maximum of (6) pigs may be show by each exhibitor. These can be any combination with a maximum of 5 pigs in the crossbred or Purebred Division. Members are encouraged to use pigs from the pen- of three in the individual Market classes.

All scale tickets must be turned in within 10 minutes after the last pig crosses the scale.

Before leaving the weigh-in area (show ring), exhibitors must designate on scale tickets, which animals are to be shown as individuals and as pens-of-three in each division and which gilts, if any, are to be shown as a breeding gilt. Pen your pigs in the placing pens or have helpers there to get the pigs back to their stalls. Exhibitor will receive the carbon copy of their scale ticket.

County Fair Weigh-In/Check-In:

Weigh-in for all pigs will be Friday of the County Fair starting at 7:30 a.m. The exhibitors that have conflicts due to the Breeding Beef and Poultry show are the ones eligible for this weigh-in time. Starting at 8:00 a.m. the rest of the pigs will start weighing-in starting in the east barn.

Pigs will not cross scale or be tattooed until paperwork is complete and submitted: Drug affidavit and purebred registration forms. All Market division swine weighing 210-310 pounds can be sold at the auction and sent directly to a slaughter establishment from the exhibition. No pigs can be sold in the Auction that have not been exhibited.

There will be no coloring agents or powder used on hogs while at the fair. The use of either is strictly prohibited. Pigs found in violation will not be shown or sold.

Stake race description from AQHA

An event for youth exhibitors only, the stake race is a timed competition consisting of markers set on either side of a center line. Contestants are given a running start to complete a figure eight pattern. They must cross the center line between upright markers, head to either the right or left of the first pole, make a 180 degree turn, head to the second pole, turn around it in the opposite direction and then to the center line to stop the clock. Spacing is suggested with markers 100 feet apart and 30 feet of stopping space

Handy Horse description from Wikipedia

- A. The rider proceeds from the starting line around both barrels into limed square. Rider must stop in square and stay there five (5) seconds and then cross finish line (animal does not have to stand still; however, timing does not start until animal has reached a complete stop). The judge / superintendent shall signify to the ring steward when the animal has all four hooves in the square. The ring steward shall start timing when he receives the signal from the judge/superintendent and give an audible signal to go to the rider when five (5) seconds have elapsed. If the animal steps on the square once the 5 seconds has started, the animal is disqualified.
- B. When rider hears the “Go” signal, they exit the box and race across the finish line. The judge/superintendent should determine that the animal stays in square.

Keyhole Race description from Wikipedia

The event begins when the horse and rider cross the timing line. The team enters the keyhole at a gallop, then turns in either direction inside the keyhole’s circle without stepping over the chalk. The horse and the rider turns as fast as they can in the bulb. The team then exits the keyhole again at a gallop and the time ends once they cross the timing line.

Jumping Figure 8 Barrel Racing

- A. The rider will start prior to the timer line. The rider will proceed across the pole set on the approach to the barrel. The rider has the option of running the figure eight pattern to the left or the right as long as they start with the middle barrel.
- B. The rider must finish the figure 8 pattern with the middle barrel and cross the pole again prior to crossing the timer line.
- C. Disqualification results if the rider touches the barrel with a hand, running off course & turning a barrel the wrong way or knocking the pole from the supports.

General Exhibit Rules

1. 4-H members who have completed 4th grade through 12th grade (*or that equivalent*) are eligible to exhibit at the Warren County Fair.
2. 4-H Clover Kids (*Kindergarten-3rd grade*) are eligible to exhibit in the 4-H Building. Clover Kids will “share” their exhibits and receive participation ribbons for their exhibits in the 4-H Building. Their exhibits may be a school project, simple craft, hobby, collection, etc. Clover Kids may also participate in the “Pet Show” on Sunday, July 26th at 9:30 am.
3. Exhibitors in 4-H classes are not eligible to exhibit in a similar department of the FFA division or vice-versa. See also “4-H Department General Rules and Regulations.”
4. Eligible exhibits are an outgrowth of work done as a planned part of the 4-Hers participation in 4-H projects or programs during the current 4-H year (*since the 2018 Warren County Fair*). If a school project, please make the necessary changes to form it into a 4-H Exhibit. Exhibits can be completed by an individual or group and may represent all

or part of the learning in the project or program.

5. Exhibits previously entered in an FFA Ag Science Fair or any other FFA event or competition may not be entered in any 4-H exhibit class.
6. Exhibits that do not comply with the class description, size guidelines, copyright restrictions, safety and approved methods will be disqualified and not put on public display.
7. If the exhibitor chooses a display to illustrate what was learned:
 - Posters may not exceed 24" x 36" in size.
 - Chart boards, graph boards, project presentation boards, model displays, etc., may not exceed 48" x 48" in size. Maximum size is determined by measuring the flat (*unfolded*) dimensions. Display boxes may not exceed 28" x 22" in height or width and 12" in depth.
8. Endangered and threatened plants and animals (*includes insects*), or songbird feathers and nests may **NOT** be used in any exhibit. Live specimens of noxious weeds or invasive species are NOT permitted in any exhibit. Dried specimens are acceptable to use in exhibits.
9. **Copyrighted materials and designs** may not be used in an exhibit that is presented as original work by the exhibitor. Exhibitors must include permission from the copyright holder/owner when using copyrighted materials. Exhibitors must give proper credit to the original source of all materials / designs used in exhibits. (*See special rules for Visual Arts and general copyright information for 4-H'ers.*)
If you find your idea from Pinterest, you will need to find the original site to source. It can be found by double clicking on the image.
10. The 4-H member's goal and application of exhibit standards will form the basis of the evaluation process. Evaluation criteria will include demonstrated learning, workmanship, techniques, and general appearance and design. Refer to exhibit class evaluation rules/guidelines for detailed evaluation criteria in each class. Rules and guidelines are located on each 4-H project page at <http://www.extension.iastate.edu/4-H/projects>
11. Each exhibitor at the Warren County Fair should be prepared (*in writing or orally*) to answer the following questions during their conference judging. 4-H'ers are strongly encouraged to write out their answers to be ready to discuss them with the judge. **The Iowa State Fair requires a written explanation, an audio recording, or video recording answering the questions with each exhibit.**

The 4-H exhibitor should respond to the following questions about the exhibit:

- What** did you plan to learn or do? (What was your exhibit goal(s)?)
- What** steps did you take to learn or do this?
- What** were the most important things you learned?

Check for additional requirements in exhibit classes for food and nutrition, photography, and visual art classes.

12. All judges' decisions are final.
13. **Each item in an exhibit must be securely labeled, including:**
 - **Class Number**
 - **4-H Exhibitor's Name and 4-H Club**
 - **Grade Completed and Age**
 - **Description and Years in Project**

14. If a 4-H'er is unable to attend conference judging, they may send their exhibits (limit of 2) with their leader or parent to be dropped off for judging. These exhibits will need to be checked where a Superintendent will take them for judging. Parents or leaders will not be allowed in the judging area to present these exhibits. These projects will not be considered for: Iowa State Fair, Outstanding Exhibits, Top 4th Grade, or Creative Arts Tour
15. At no time will a parent or leader partake in the judging process. This is the 4-H'ers time to share their information with the judge. If a 4-H'er needs assistance from a parent or leader in moving their exhibit to the judging table that is fine, but please then leave the judging area immediately.
16. The total amount of projects to be judged in one class area is limited to three projects. However, there is an exception for the area of photography where an exhibitor can enter four total photos. (Example: only three Food and Nutrition projects will be permitted to be judged.) If an exhibitor brings more than three projects for a given project area they will be asked to choose which three projects will be judged and the rest will be removed from the premise.

Other Exhibit Information

Due to security, 4-H'ers are discouraged from sending items that have special meaning and historical value as their exhibit or part of an exhibit. The Warren County Fair and Iowa State University Extension and Outreach – Warren County will use diligence to ensure the safety of articles entered for exhibition after their arrival and placement. However, they will not be responsible for damage or loss by accident, fire, theft, etc.

Judging Day Procedures and Release of Exhibits

All exhibits entered in the 4-H Building will be conference judged. (*Exception: Clover Kids will have their own special sharing time.*) The purpose of conference judging is to let each member have a personal interview with the judge to discuss what the member planned to do in the project, how the item displayed fits into the goals the member hoped to reach, and how the member feels about the final results of his/her efforts for the year.

Conference judging provides an opportunity for the 4-H member to express his/her thoughts to an adult. It is an opportunity for the adult to listen to the youth and converse together; the result being a mutually satisfying experience. Each club is assigned a time for judging on Saturday, July 20th. At the scheduled time, all members in that club are to bring their exhibits to the 4-H & Youth Exhibit Building to participate in conference judging. If a member is not able to participate in conference judging, they need to contact their club leader to make arrangements to have their exhibit (up to two) taken to the 4-H & Youth Exhibit Building *before 12:00 p.m. (Noon) on the day of judging, July 18th*. Bring this entry form with you the day of judging (July 18th) for the judge to mark your ribbon placing per exhibit on the entry form. **This form needs to be signed by the 4-H'er and turned in at the completion of the day at the check-out table. The entry tag is to be completed and attached securely to the exhibit.**

You may get entry forms and tags from your leader, from the Extension Office, or from the Extension website at www.extension.iastate.edu/warren/. It is best to complete these items prior to judging day. Extra forms and tags will be available on the day of judging at the check-in table.

Warren County Fair Queen

My time as the reigning 2019 Warren County Fair Queen flew before my eyes. The memories I made will never be forgotten and I am so grateful to have had this wonderful experience. I am so honored and proud to have been given the opportunity to give back to my community by representing the fair. Our fair holds a special place in my heart. I have grown up around this fair by camping at it each year, baking my open class foods, volunteering in the funnel cake stand and bringing all my 4-H exhibits.

Gabby McCoy

While in the crown, I visited elementary schools to read to children, was a guest speaker at events, handed out ribbons at numerous shows, attended the annual State Fair Queen Contest, and led a day camp for all the little girls who want to be queen someday. I was truly honored to attend the State Fair Queen Contest which was an opportunity that is once in a lifetime.

Myself and 101 other amazing girls spent our time interviewing, speaking, and advocating for our fairs all while bonding and learning all of the amazing things other fairs in Iowa have to offer. Though the actual competition was very busy and tiring, my experience was wonderful, and I gained experience and skills that I will carry with me forever. I would like to thank the fair board for their support and my fair queen coordinators, Sheila Miller and Amber Martin.

In the fall, I will be attending Wartburg College and double majoring in Environmental Sciences and Communications. I fell in love with learning about the environment when I went to the National 4-H Healthy Living Summit. I want to major in these because everything in our world is interconnected and if we better our environment then our entire world will be healthier. My long term goal is to do public relations work for a non-profit that is helping to sustain and grow our environment specifically dealing with water quality.

I have loved every minute of being your 2019 Warren County Fair Queen and I look forward to supporting our future queens!
