

CROSS COUNTRY SCHOOLING

Advance Reservations Required

The **East Course** (also known as “the derby field”), close to stabling, is 20 acres of lightly wooded, varied terrain including water, bank and ditch obstacles and portable cross country jumps from **Starter through Training**-Prelim level. We continue to add more space and alternative routes. Throughout the season, the East Course is available for camps/clinics and schooling activities.

The **West Course**, on an adjacent 110 acre parcel of lightly wooded conservation land, is a 20 minute walk from the main parking area, and parking also is available near the course on Wood Duck Road. It includes an international-caliber water complex comprised of 2 ponds, a sunken road, mound and coffin and other obstacles for Preliminary and Intermediate levels. NOTE: the water complex is only filled for competitions, and the Intermediate level to be used for competitions only – **no schooling over the Intermediate obstacles at any time**. If using the West course, please park all vehicles straight ahead off the paved road into the gravel area, or to the right before the warm-up area – do not pull off the pavement onto the shoulder as that breaks down the edge of this private roadway and makes neighbors grumpy.

Schooling Arrangements

- Send email request to director@wahorsepark.org well in advance. Provide desired schooling date and time, number of riders, trainer’s name and organizer’s contact information.
- All riders must be accompanied by a trainer who has current professional liability insurance of at least \$1 million. The trainer’s insurance agent/broker needs to provide a Certificate of Insurance stating three (3) additional insureds: Washington State Horse Park as facility operator; and the City of Cle Elum and Suncadia as property owners/landlords; the address for all three is 1202 Douglas Munro Blvd., Cle Elum, WA 98922. (Note: Ask for the Certificate to be issued for the entire policy period so the trainer doesn’t need to provide one for each visit to the Park. The cost of these certificates varies by insurance company and sometimes is included in the policy premium.) The Certificate is to be scanned and emailed to director@wahorsepark.org and must be received and accepted no less than 48 hours prior to schooling.
- Please call 877-635-4111 the day before to confirm arrival time.
- **When arriving at the Park, all riders must complete the Park’s Registration form, sign the Liability Release and submit both with payment before mounting – there are no exceptions to this requirement, including those schooling the West course (Prelim).** Note: Riders under 18 years of age must have their Liability Release signed by a parent – bring this with you if the parent won’t be onsite. Trainers and others may not sign the Release on another’s behalf. Forms can be downloaded ahead of time from wahorsepark.org, “day use”.
- All riders must wear safety vests, helmets and footwear with a heel.
- Riders are to stay on cleared ground and groomed footing for safety and to preserve the terrain.

2 hour Schooling Session Fees (per rider/horse):

Park Member: \$40 Non-Member: \$50 Youth (under 18): \$30

Note: fee also covers use of arena and trails – no other day use fee is required

As a convenience, if stalls are available, you may arrange with the on-site Park Manager to use an unbedded stall for up to 4 hours for an additional \$10 fee. You MUST clean all manure and hay to designated areas prior to your departure. If your horse paws or tears up gravel stall footing, you may not use an unbedded stall. Bedded stall fee \$25.

For more information and details contact 877-635-4111 or director@wahorsepark.org.
