

WASHINGTON COUNTY.

FAIR BOARD MEETING.

June 1, 1935.

The Fair Board met in the Chamber rooms Saturday afternoon, June 1, at 1:45. All members present, and President Minton presided.

Mr. Smith was present and presented some figures on material for refinishing the roofing on the Fair buildings. The price for all of the buildings being \$500.00. It was decided that the Fair board would look over the buildings, and if a way could be found to finance the repairs they would contact Mr. Smith later.

Minutes of the last meeting were read. Correction was made in the programs for the night meetings, the Granges having the program for Thursday night, and the Farmers Union that for Friday night. The minutes were otherwise approved as read.

Mr. Minton reported that he called on Mr. Plass who said that the Farmers Union would take Friday night and put on a real show. Mr. Hesse said he had called on Mr. Strickler and she said the Granges were planning on having the program for Thursday night.

President Minton reported that there would be 6 Farmers Union booths, which with the Granges would make a total of 15 booths. He also reported on the dog racing, as he had been to Vancouver and the owner of the track there advised him to let it alone, as no money could be made on them on a 6 days run. This man suggested that Mr. Minton might get some whippet races. Mr. Minton contacted a whippet man in Portland who thought he could hardly do anything about it as many of the dogs were in Canada. Mr. Minton would see this man again.

Upon motion the meeting adjourned to meet again on Saturday, July 6.

Mrs. Ed L. Moore,  
Secretary.
