

May 23, 1938.

Fair Board met in the Chamber of Commerce rooms, with all members present, also L. E. Francis, and 6 breeders of cattle. Mr. Banks presided.

Mr. Francis was the speaker. After discussion the following motion was passed, made by Mr. Scott and seconded by Mr. Enschede:

"All cattle exhibited at the county fair shall come from herds that have an official accredited abortion free classification with the state department of agriculture. All individual animals exhibited that are six months of age or older shall have an individual official abortion test within 30 days of the date of the Fair."

Mr. Scott moved that all cattle exhibited at the spring Jersey show shall come from herds that either have an official accredited abortion free classification with the state department of agriculture or shall have the same classification recommended and applied for by an official veterinarian. Motion seconded by Mr. Enschede and carried.

Leon Davis,  
Secretary pro tem.
