

Awarded in recognition of Hot Dog on a Stick Founder Dave Barham, the Barham Award recognizes innovation, quality and leadership in the field of service. The award is presented to the winner at the Industry Awards Dinner held annually at the Western Fairs Association Convention. Recommendations for the Barham Award are accepted from individuals or fairs and you do not have to be a member to submit a recommendation. However, the individual or business recommended must be a WFA member. Recipients are selected from the recommendations by a committee formed by the WFA president that includes past award winners. Multiple recommendations of an individual or business do not increase chances of winning. (Length of membership is not considered).
